Brief Introduction - Dr. Nischaykumar Hegde

Dr. Nischaykumar Hegde is a seasoned academician and researcher in the field of Computer Science and Engineering with over two decades of teaching experience. He holds a Ph.D. from VTU, Belagavi, where his research focused on Cryptographic Schemes for Data Survivability in Unattended Wireless Sensor Networks. He also earned his M.Tech. in Computer Science from NMAMIT, Nitte, and B.E. from Anjuman Engineering College, Bhatkal.

Throughout his career, Dr. Hegde has held various academic positions, including his current role as Associate Professor at Canara Engineering Colege, Benjanapadavu, Mangalore, India. His contributions span teaching, research, and administration, with expertise in subjects such as Data Structures, Algorithms, Cryptography, and IoT.

He has published extensively in reputed international journals and conferences, authored textbooks, and actively contributed to curriculum development at several institutions. In addition to organizing and attending numerous workshops and FDPs, he also serves as a reviewer and session chair for academic journals and conferences.
